SK Biopharmaceuticals is engaged in SV (social value) activities to fulfill its responsibilities as a member of the local community. The Company is currently engaged in the Ontact Project jointly with other SK member companies. Individually, the Company is pursuing a program in conjunction with Seongnam Volunteer, the site of its place of business, to identify and resolve the needs of the local community on a regular basis. The Company seeks to ensure that at least 50% of its officers and employees partake in the volunteer programs, with the aim of achieving a 100% participation rate by 2026. The Company also plans to create social value in a systematic and sustainable manner by analyzing the outcomes and impact of its societal contribution programs and making the needed improvements.

#### Ontact Project

The SK Group is engaged in the “Ontact” Project, a project providing meals to low-income communities to help overcome their food security issues. SK Biopharmaceuticals makes donations for children’s food security and regularly visits the “Anna’s House”, a shelter for adolescents and homeless located in Seongnam-si, to make and distribute packaged meals.

#### Clothing Distribution

SK Biopharmaceuticals regularly donates clothing to the Anna’s House, which it has come to work with in the course of the Ontact Project. Through four campaigns held from 2021, members of the SK Biopharmaceuticals community have donated a total of 480 clothing articles to individuals in need at the Anna’s House, and the Company seeks to continue these campaigns.

#### Distribution of Daily Necessities

SK Biopharmaceuticals distributes kits containing daily necessities to individuals in need. In 2021, in a joint endeavor with “Happiness Alliance”, a network for societal contributions, the Company delivered daily necessity kits to a total of 140 households over two separate instances. In 2022, kits were delivered to 200 households in need for holiday season use in a joint endeavor with Seongnam Volunteer.
